GETTING TO THE EVENT

OPTION 1

Go to the Finish end of the race, Hove Lawns, and catch one of the pre-event shuttles to the start. Your car will be waiting for you at the Finish
(seat must be pre-booked by 20th April!)

[Car Parks near to Hove Lawns](#) – be sure to check the charges & maximum duration of your chosen car park

You will need to pre-book a shuttle bus seat as part of your entry, or via the link in your confirmation email up until two weeks before race day. Email info@ultravioletrun.co.uk if you need help with this at least 2 weeks before race day.

You will be assigned a bus according to your start time – this will be confirmed a week before the race. Our bus departure point is next to Hove Lawns.

Remember – anything you take on the bus but aren't running with (drinks bottles, spare clothes) will need to fit into a small bag, labelled with the tag from your race number, to be taken back to the finish.

OPTION 2

Go to the Start end of the race, Christs Hospital School, and make your own way from the Finish after your run.

You can park or get dropped off at Christs Hospital School, RH13 0LJ

There is free parking at the school – cars should be removed same day wherever possible. If you do intend to leave your car overnight it must be a) parked in the correct bay as per the car park marshal or you will receive a fine!, b) registered at the Security Office BEFORE you start the race and c) picked up by 3pm latest. The Security Office can be found next to the car park, on your way to Registration.

There is also a small car park at Christs Hospital railway station, approx. 400m from the start.

BEFORE THE START

Buses – if you have booked bus transportation, you will be provided with specific details 7-10 days prior to race day. You will be allocated a bus time in accordance with your start time. The bus journey from Hove Lawns to Christs Hospital School pre-event will take around 50 minutes.

Race Packs/Registration – please pick up your race pack from the START between 07:15 – 08:15.

If you have a medical condition that we need to know about, please mark the front of your number with a cross and complete the details on the reverse of the number.

There will be a supply of pins at the start should you need them. Your race number should be visible on your front.

If you've ordered a buff or collapsible cup, these can be collected at the registration desk on race day.

Baggage – TRAVEL LIGHT, we cannot transport large bags for you. If you're travelling on the pre-event buses, we suggest you travel in your kit with a layer of clothes over the top. Perhaps bring a drinks bottle, banana, and your car keys etc; that's it. Essentially, everything you travel with that you're not running with, needs to fit into a small bag.

The bag drop off van is right next to the start line. **Your race number has a tear off baggage label on the bottom – you must label you bag before dropping it off.**

Start Times & Procedure – you'll be setting off in waves between 08:00 & 08:30, according to which wave you selected at registration. Approach the start area 10 mins before your start time and our start line team will call you forward.

Chip Timing – your timing chip is on the back of your race number, so your own start & finish times will be taken.

Tracking - we have predictive tracking for all runners – this is your estimated position on the course based on the time you reach each checkpoint. If you would like real-time tracking for your supporters to follow your actual progress please go to 'Manage Booking' and scroll down to 'View Merchandise' where you can book LIVE Tracking (£2). This must be done by 20th April.

Personal Nutrition Drop – if you have any particular fancies to eat along the course, if you have any dietary preferences, or just want to use the nutrition you've trained with, we will take it out onto the course for you. Nutrition must be in sealed bags and labelled with your race number and checkpoint locations and placed in the boxes at race registration. Personal nutrition must be dropped off by **08:15**. **Note – this is available for Checkpoints 3 & 4 only.**

Toilets – there are toilets at the start & finish and at checkpoints 2 & 3. **NOTE:** if you are catching the buses there are **NO** toilets at the pick-up point so please be sure to go before you arrive

Additional Navigation - We will provide you with a course GPX file for use on GPS devices. Also provided will be a Google MyMap version of the course which can be viewed on a phone and is marked with checkpoint locations, toilets etc. **These will be emailed to you approx 1 week before race day.**

Headphones – we politely request that you do not use in-ear headphones for your own safety.

Course Etiquette – please be courteous to other path users. Short sections are narrow, please be patient and overtake when suitable.
